## SCIENCE NORTH

### DYNAMIC EARTH

Dynamic Earth, home of the Big Nickel!  
Sudbury's iconic attraction, the Big Nickel, is an exact replica of the 1951 Canadian nickel. It was built in 1964 and symbolizes the wealth that Sudbury has contributed to the Canadian economy through nickel production. The base enables the public to walk around and under the 13,000-kg coin, with barrier-free access. Dynamic earth is an immersive, hands-on science centre that features earth science and mining experiences
